Hey!

Apologies. I was in email transition purgatory and this got caught in the move. We can chat about all of the below. I'll loop in my colleague Nathan Bessner who focuses on the Infrastructure files exclusively.

Last night at the BCMC I think we got a good sense that the municipal deficit issue from Min Freeland. We will need the Provincial engagement to help fill the gap. We can discuss more as I have some good info to share.

We are here to support on bridge blockade. Please let me know what your thoughts on this. Maybe we could have a quick call before 11:30 or between noon and 1pm. Then set up a chat with Nathan for later this week? Sound good?

Meredith:

Wondering if you might have a chance for us to connect in the near term to revive discussion about some of the topics that we chatted about last fall/winter, please?

Would be great for me to get your political advice on some of those items, including:

- Infrastructure funding for flood mitigation in Windsor
- Potential renewal of community centre / retrofit
- Needs based funding regarding ongoing pandemic shortfalls at the municipal level

Hope that you and family are keeping well.
